

"GOOD NEWS FROM OUR UGANDA GIRLS !

Because the mission school was closed during the pandemic, it played havoc with our girls' progress. Sadly, some of the girls were unable to return to school; but for those that were able to persevere, there is wonderful news!

- **One of the girls has entered the convent to become a nun.**
- **Two girls are now nurses.**
- **One girl is a tailor.**
- **Three girls are working in a clothing plant.**
- **Four are in advanced education.**
- **The rest of the 50 girls, depending upon their grades, will be promoted from the primary level or sent to vocational school.**

While we are so proud of the girls' achievements, the **OLGC parish's generosity has made all this possible!**
